Dear tenants of BB Centrum,

I hope you have made a great start to the New Year 2012. We are bringing this January edition of eReview to give a friendly welcome to our new tenants, Fraikin company and Chenon, along with a new retailer, Sport Resort. You can also have a look at detailed map of traffic access to BB Centrum. I hope, it will be of great benefit to you.

Sport Resort at BB Centrum

A new shop selling premium sport brand products has opened at BB Centrum. Specializing in downhill and cross-country ski equipment, together with leisure and fashion items, this shop, covering an area of 150 square metres, is bound to be rather a sports boutique, which is what the otherwise wide range of sports shops in Prague has been lacking yet. Customers can choose from prestigious brands such as Goldwin, Allsport, Swix, Madshus, Ulvang, Alpina, Keen, Vökl and Nordica.

Traffic access: Bus service from Budějovická

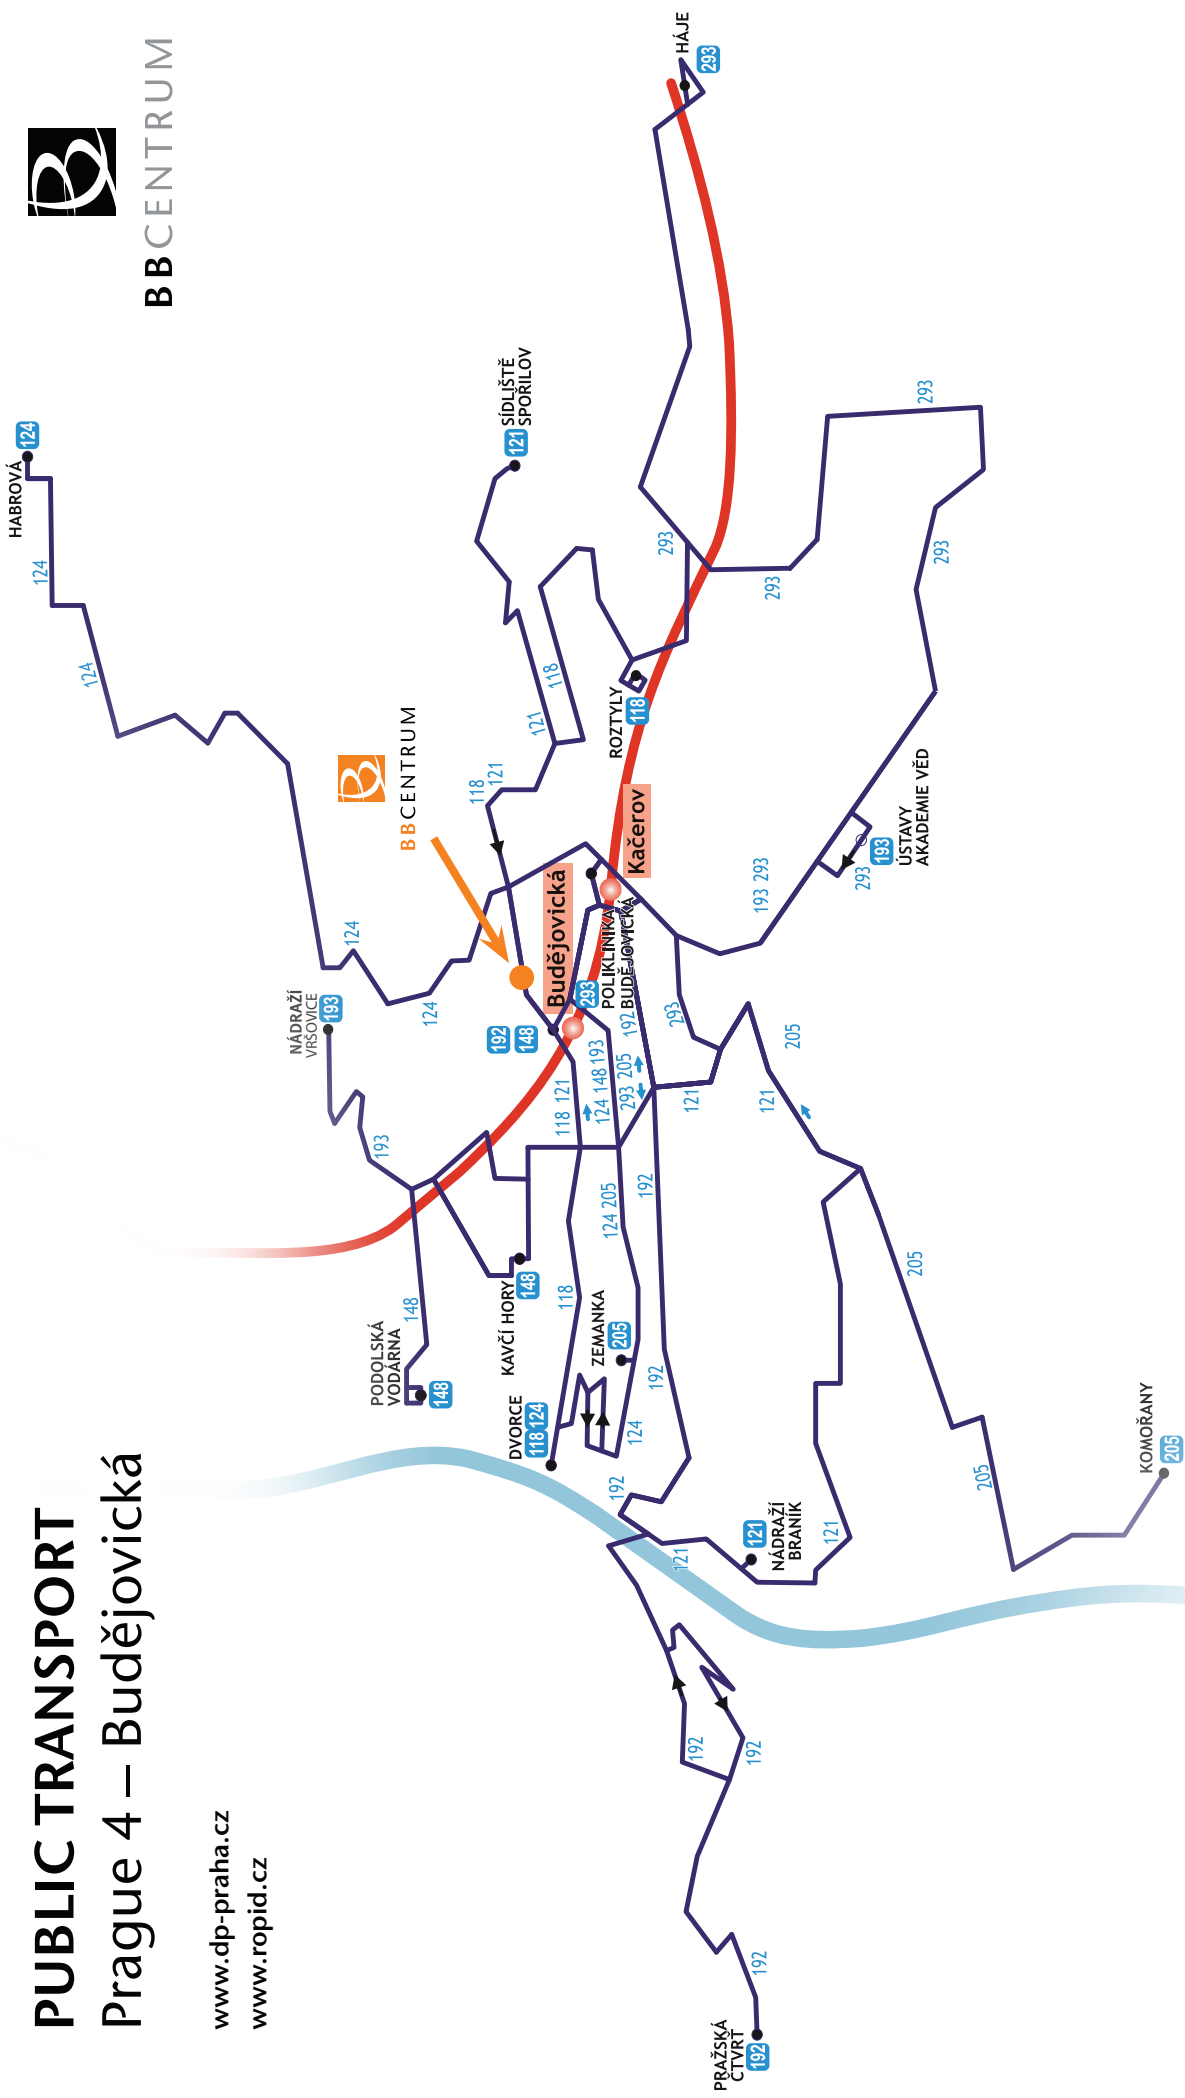

We are publishing a map to keep you well informed about bus service from Budějovická Station, easily accessible from the various parts of the City of Prague. At the same time, we would like to let you know that the extension of No. 118 bus route is under consideration these days. This route currently terminates at Dvorce stop, Prague 4, and after the possible extension, it would lead to Smíchov Railway Station, Prague 5. It is planned that this change would not be introduced until the end of 2012 at the earliest. We will keep you informed about further progress.
